TECHNICAL SKILLS

- **Programming Languages:** HTML5, CSS3, JavaScript
- **Frameworks/Libraries:** React, Bootstrap
- **Tools:** VS Code
- **Other:** Responsive Design

INTERSHIPS

Salesforce Developer Internship (Short-term)

August – October 2022 | Virtual

- Completed 8-week internship focused on core Salesforce development concepts.
- Gained hands-on experience through Trailhead modules in:
- Salesforce Fundamentals, Org Setup, Flows, Security.
- Apex Programming, Testing & Debugging, VS Code & CLI Setup.
- Lightning Web Components (LWC) and API Integration.
- Earned Superbadges: Apex Specialist, Process Automation Specialist.
- Developed and automated workflows using Apex and Flow Builder.
- Built and deployed components using LWC and Salesforce CLI.

Python Developer Internship (Long-term)

Parmy Technologies Pvt. Ltd. – Hyderabad, India.

March 2023 – June 2023

- Completed a classroom-based internship as part of final year academic requirements.
- Attended training sessions covering core Python concepts including data types, control structures, functions, and object-oriented programming.
- Gained basic understanding of Python libraries used for development.
- Earned a certificate upon successful completion of the program.

PROJECTS

Static Web page – Responsive E-commerce Website | HTML, CSS, BOOTSTRAP, FONT AWESOME & JAVASCRIPT– Nov 20XX – Jan 20XX

- Developed a static web page for HR Outfits, an online platform for men's fashion, featuring categories such as clothing, footwear, and accessories Utilized HTML for structuring and CSS for designing a responsive and visually appealing layout, with Bootstrap for enhanced styling and components. Implemented product cards, search functionality, image carousels, and a user- friendly interface with clear navigation. Ensured the design was responsive, optimized for both desktop and mobile devices, and followed best practices in web development, including cross-browser compatibility. Gained experience in front-end development, creating interactive UI components, and designing accessible, visually engaging web pages.

Web-Based Calculator Application | HTML, CSS & JAVASCRIPT– Jan 20XX – Jan 20XX

- Built a simple and interactive calculator for performing basic arithmetic operations like addition, subtraction, multiplication, division, modulus, and decimal calculations. Designed a clean and user-friendly interface with a layout similar to a physical calculator. Used JavaScript to handle button clicks, update the display in real-time, and evaluate expressions dynamically. This project helped me understand the basics of web development and how to work with the DOM using JavaScript.

CERTIFICATIONS

- Certified in FRONTEND DEVELOPMENT – TEKS ACADEMY.
- Attained PYTHON Programming skills – PARMY TECHNOLOGIES PVT LTD.
- Completed SALESFORCE DEVELOPER VIRTUAL INTERNSHIP – SMART INTERNZ.
- Certified in M.S. -OFFICE – DITS TECHNOLOGIES.
